Month	Payments On Time	Late (1-30d)	Late (30d+)
Jan 2022 – Feb 2024	100%	0	0

CREDIT BUREAU ASSESSMENT NARRATIVE

The subject, Hans Müller, presents a low-risk credit profile. He has maintained a clean payment history over the reviewed period with no delinquencies, defaults, or negative public records. Existing debt-service obligations total approximately EUR 400 per month. Income evidence supplied by the applicant indicates a net salary of EUR 3,210 per month, yielding a debt-to-income ratio of approximately 12.4% on existing commitments alone. Assuming an additional personal loan repayment of approximately EUR 470 per month (EUR 25,000 over 60 months at ~5.5% APR), the combined DTI would increase to approximately 27% — within acceptable thresholds.

Recommendation: Proceed to credit approval stage. No mandatory conditions flagged.

BUREAU CERTIFICATION
