- Markus Weber:** Slight laceration to left eyebrow; treated at scene and transported for check-up.

3. Damage to Vehicles / Property

VW Passat (David Müller): Rear bumper dented, trunk misaligned, taillight cracked. Estimated damage: €3,200 (rough estimate).

BMW 3 Series (Elena Schmidt): Front bumper and hood damage, airbags deployed. Estimated damage: €6,000 (rough estimate).

Traffic signal post at northeast corner: Minor scuffing from debris.

4. Weather / Road Conditions

Weather: Overcast, light rain reported. Road surface: Wet. Visibility: Moderate.

5. Witnesses

Sofia Lang — Pedestrian. Contact: +49 170 555111 (sample). Witness statement: Saw BMW enter intersection on a yellow light and strike the rear of the VW Passat.

6. Narrative / Officer Observations

At approximately 07:48 on October 21, 2025, officers were dispatched to a reported traffic collision at the intersection of Kurfürstendamm and Lietzenseufer. Upon arrival at 07:57, a silver VW Passat (Driver: David Müller) with rear-end damage and a black BMW 3 Series (Driver: Elena Schmidt) with frontal damage and deployed airbags were located in the eastbound curb lane.

Driver statements and witness accounts indicate the VW slowed to turn right when the BMW struck the rear. No signs of impairment observed. Both drivers cooperative. Road debris contained; city maintenance notified.

7. Evidence Collected

Photographs of damage and scene (Exhibit A1–A12); witness written statement (Sofia Lang); driver statements. Surveillance footage requested from nearby businesses.

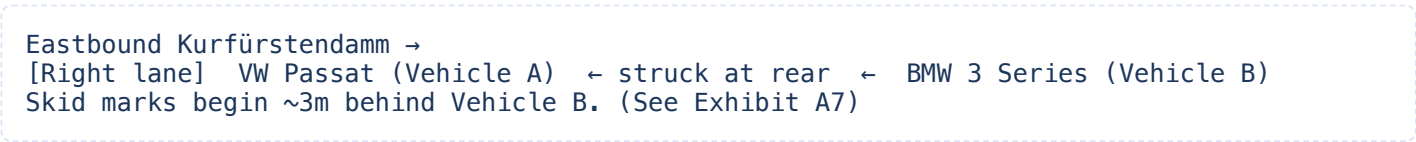

8. Violations / Contributing Factors (Preliminary)

Contributing factors: Wet roadway and short following distance. Preliminary fault: Rear-end collision with following vehicle striking lead vehicle. Citation(s) pending review by Traffic Division.

9. Actions Taken

- Scene secured and hazards placed.
- EMS responded; one patient transported.
- Tow arranged for disabled BMW; VW driven from scene by driver.
- Traffic Division investigator notified and report filed.

10. Diagram (Textual)

11. Officer's Conclusion

Based on statements, witness account, damage patterns and observations, this appears to be a rear-end collision where Vehicle B (BMW) struck Vehicle A (VW). Wet road conditions and insufficient following distance likely contributed. No criminal impairment observed. Further investigation may refine liability.

12. Follow-Up / Recommendations

Traffic Division to review CCTV; parties advised to contact insurers and submit this report; medical follow-up recommended for David Müller for possible whiplash.
