IBK Sample Documents — Insurance & Banking

Overview

This folder contains all sample Markdown documents for the IBK Insurance & Banking ECM demonstration environment, built on IBM Content Cortex (repository `OS1`).

IBK is a fictional global financial institution covering six lines of business. Each sample document is designed to: - Populate the IBK Content Cortex repository with realistic, searchable content. - Demonstrate AI-driven document capture, extraction, classification, and lifecycle management. - All documents are in English (multi-language versions — German, Spanish, French — are available for advanced agentic extraction demonstrations).

Naming Convention

```
{SCENARIO-ID}_{Document-Type}_{Entity-Name}.md
```

Examples: - `IBK-RETAIL-01_Personal-Loan-Application_Hans-Mueller.md` - `IBK-CORP-04_EDD-Report_Nexus-Holdings-SAS.md`

Document Footer Convention

Each document ends with a `> ☐☐ SPECIMEN DOCUMENT` notice and a metadata comment line:

```
*Class: IBKRetailDocument | Scenario: IBK-RETAIL-01, Step 1 | IBKLoanID: LN-2024-00142 | ...*
```

These metadata lines provide the key property values expected to be extracted and classified by the IBM Content Cortex AI pipeline.

Language

All documents in this folder are in English. For multi-language demonstration variants (German, Spanish, French), see the `/testMD/` folder (ASOF company set) or request the IBK multi-language pack.
